

payment methods

You can pay for your orders by credit card or 

- Bank card (Carte Bleue, VISA, MasterCard): transaction security is ensured by an online payment system made available by Crédit Agricole Centre-Est

- : a payment button is offered to you when you confirm your order.

We give you the details of our bank account or our account

 at the time of validation of your order or on request through the contact form for this site.

Security of payment by credit card

In order to optimize transaction security, decouvsen.fr uses an SSL (Secured Socket Layer) online payment system made available by Crédit Agricole Centre-Est, which encrypts your banking information.

If the bank of the cardholder is equipped with the 3D Secure protocol, you will also be asked to enter a password such as the cardholder's date of birth or a dynamic one-time code.

These additional controls enhance the security of online payments.
